DNA test recommended by officer at time of interview.

DNA lab selected by petitioner on AABB web page http://www/aabb.org (costs paid by U.S. petitioner/parent).

DNA lab sends kit to Consular Nairobi.

Applicant will be scheduled for sample collection appointment and informed of this via email from **NairobiDNA@state.gov.**

Once applicant receives appointment letter, applicant must then go to IOM and pay the \$40 specimen collection fee before the DNA appointment day.

On appointment day at the Embassy, applicant must bring 2 recent passport size photos, official photo I.D., a copy of appointment letter and a receipt showing IOM has been paid. Applicants who do not bring all these documents will not be allowed to test.

DNA sample collected on appointment date and sent to the DNA lab for testing.

DNA lab finalizes test and sends results to the consular section.

Immigration Visa or American Citizen Services sections contact applicants by email/phone and inform them when to return to the embassy.
